

Organic certified orange essential oil

Description

The product is obtained from the peel of 100% fresh organic oranges (*Citrus sinensis*).

The raw material is clean, organic, freshly harvested, ripe, and whole.

The essential oil does not contain added thickeners, sugars, salt, colours, flavours, preservatives or other additives of any kind. The product is free of foreign material.

The product has a typical flavour of bergamot peel and is free from off-flavours.

Certification, origin, no known allergens

The product is certified by Bioagricert, NOP and Bio Suisse on demand

The product is GMO free

100% italian product
